Career Objective

Enthusiastic and dedicated Frontend Developer with hands-on project experience in building responsive web applications using React and modern JavaScript. Eager to apply my skills and learn in a professional environment to create meaningful digital experiences.

Technical Skills

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3
Frameworks/Libraries: React, Next.js, Tailwind CSS
Tools & Platforms: Git, GitHub, Firebase, Postman, VSCode
Other: REST APIs, JWT Authentication, Responsive Design, Agile & Scrum

---

Learning Languages

- Python (Currently Learning)

- Node.js (Basics in progress)

Education

B.Sc. in Computer Science
Uttara University, Dhaka

Internship & Projects

Frontend Development Training
Self-Projects & Academic Works — January 2024 to Present

- Built responsive React applications with reusable components for personal and academic projects.

- Improved UI performance using optimization techniques (lazy loading, code splitting).

- Integrated REST APIs for dynamic data fetching and state management.

- Practiced Agile workflow in project simulations, including task breakdown and daily progress tracking.

Volunteer Management Website

- Designed and developed a full-stack volunteer platform using React, Node.js, and MongoDB.

- Implemented Firebase Authentication and JWT for secure login and access control.

- Created dashboard interfaces with CRUD operations and dynamic filtering.

Personal Portfolio Website

- Built a modern, responsive portfolio using React and Tailwind CSS.

- Integrated smooth animations with Framer Motion for enhanced UX.

Plant Care Guide App

- Developed an indoor plant care guide with dynamic content fetched from APIs.

- Focused on mobile-first design and accessibility best practices.

Certifications

- Complete Web Development Course, Programming Hero, 2025

- Responsive Web Design (freeCodeCamp), 2024

Languages

- Bengali (Native)

- English (Professional proficiency)
